THE FORECLOSURE RECOVERY ADVANTAGE

Why we are different from everyone else. In a market where more people are learning about surplus funds recovery, the right question is: what tools and infrastructure do I actually have to succeed on my own? Most companies hand over the bare minimum. We hand over a complete vehicle — a business system that works for you even when you are not working it.

Pre-Warmed Leads

Prospects hear from you 2–3 times BEFORE you ever call them. Email, ringless voicemail, SMS, and certified mail land first. When you call, they are expecting you.

No Cold Calling

Multi-touch automation turns every call into a warm follow-up. Prospects already know who you are.

Full Automation Stack

Voicemail drops, SMS drips, email sequences, and dashboard tracking all run on autopilot.

Certified Mail with Proof of Service

Certified mail is dispatched on your behalf — something no competitor offers. Builds a defensible paper trail and serious credibility.

2 Years of R&D

Our scripts, documents, and workflows have been tested and refined. You start with proven tools, not a blank page.

Compliance Updates

Weekly and monthly compliance updates keep you defensible as state and federal rules evolve.

Consulting Access

Book time with our team for strategy, customization, and case-specific guidance as your business evolves.

BUILT-IN CLOSING TOOLS

Client Incentives That Close Cases

Your clients receive a complimentary reward when they sign the contingency agreement with you. Choose the incentive that fits the client — each one creates urgency to finish the paperwork. They sign, they get the reward, and you close the case faster.

INCENTIVE 1 — LAS VEGAS GETAWAY

3 days & 2 nights at a major hotel casino. Admit 2. No timeshare, no presentations — just a great vacation. Present the gold or silver Getaway ticket as your "Compliments Of" close. A built-in closing tool that lifts conversion on your outreach and gives clients a reason to sign now.

YOUR ENROLLMENT	WHEN YOU CAN BEGIN OFFERING THE INCENTIVE TO CLIENTS
Pay in full \$995	You may begin offering the client incentive immediately upon enrollment.
3-payment plan ~\$331.67 / payment	You may begin offering the incentive once your final scheduled payment is received.
In-house financing 0% interest, no credit pull	You may begin offering the incentive once your final scheduled payment is received.

Trip details, fulfillment partners, and travel windows are determined and communicated by Foreclosure Recovery Inc. once your client's signed contingency agreement is on file.

BUILT-IN CLOSING TOOLS

Savings Incentives — You Choose, They Save

Prefer an everyday-value close? Offer a savings incentive your clients can use right away. Real savings, real value, real impact — perfect for families, individuals, and fundraisers.

You Choose. You Save.
\$1,000
IN GROCERY SAVINGS
ON MANY GROCERIES YOU WANT!

USE ON MANY GROCERIES YOU WANT **REAL SAVINGS. REAL VALUE. REAL IMPACT.**

\$1,000
IN RESTAURANT SAVINGS
AT MANY RESTAURANTS YOU WANT!

USE AT MANY RESTAURANTS YOU WANT **REAL SAVINGS. REAL VALUE. REAL IMPACT.** **PERFECT FOR FAMILIES, INDIVIDUALS & FUNDRAISERS**

Incentive 2 — \$1,000 in Grocery Savings

Use on many groceries your clients want. A practical, high-perceived-value reward that helps them say yes and sign the agreement.

Incentive 3 — \$1,000 in Restaurant Savings

Use at many restaurants your clients want. Ideal for families, individuals, and fundraisers — another reason to finish the paperwork now.

How to use these in your pitch. Position the savings incentive alongside the Vegas Getaway and let the client pick what excites them most. The point is the same — a tangible reward attached to signing keeps momentum on your side and shortens your close.

YOUR ENROLLMENT	WHEN YOU CAN BEGIN OFFERING THE INCENTIVE TO CLIENTS
Pay in full \$995	You may begin offering any client incentive immediately upon enrollment.
3-payment plan / 0% financing	You may begin offering incentives once your final scheduled payment is received.

THE AUTOMATION SYSTEM

How the outreach automation works

Layered multi-touch outreach pre-warms every prospect before any human contact.

1

Lead Sourcing

County auction data is automatically scraped. The system identifies upcoming foreclosure properties and compiles former-homeowner contact information for your selected jurisdictions.

2

Ringless Voicemail

Ringless voicemail drops are sent automatically to your leads. You record your voice once — the system delivers personalized voicemails to prospects' phones without their phone ringing.

3

SMS Campaigns

Automated SMS campaigns go out simultaneously — short, professional, personalized messages introducing you and offering help recovering their funds.

4

Email Drip

60-day email drip sequences continue to nurture every lead — building familiarity, trust, and urgency over time, with your contact info embedded in each message.

5

Certified Mail

Certified mail is dispatched on request. Any lead can receive a certified letter with proof of service, legal precedent, jurisdiction info, and a free claims guide — mailed by us, on your behalf.

6

Warm Follow-Up Call

By the time you make your follow-up call, the lead has already heard your name multiple times. They are expecting you. The conversation begins from familiarity — not cold outreach.
